STAT

[redacted] kindly showed me a copy of your letter of June 14. I was delighted to get it and even more pleased to note that our thinking and yours is going along closely parallel lines.

In the future I trust that it will not require a visit from someone from this outfit to spur you into action but that we can hope for comments from time to time as the spirit may move you because your contributions through [redacted] have been of real value to us.

STAT

Faithfully yours,

Allen W. Dulles
